CLAIMS

What is claimed to be new and desired to be protected by Letters Patent is set forth in the appended claims.

I Claim:

1. An apparatus for a New Year's celebrating device, comprising:
 - a) a vertically standing support pole;
 - b) a track mechanism disposed on said support pole;
 - c) a ball vertically movable disposed on said support pole being vertically movable on said track mechanism;
 - d) a plurality of lights disposed on said ball;
 - e) means for a drive mechanism for said ball;
 - f) a source of electrical power for the apparatus;
 - g) a year sign displaying the new year at the base of said support pole;
 - h) a plurality of lights disposed on said year sign.
2. The apparatus of Claim 1, said ball further comprising means for a plurality of externally projecting lights.
3. The apparatus of Claim 1, said ball further comprising means for a light emitting diode.

4. The apparatus of Claim 1, said new year sign further comprising means for a plurality of externally projecting lights.

5. The apparatus of Claim 1, said new year sign further comprising means for a light emitting diode.
